

Samsung Sono School Officially Opens

Awarding of Plaque of Appreciation to Samsung Officials

(L to R) Mr. Chung Lyong Lee -President Samsung Philippines, Dr. Edward Tordesillas-President PGH Medical Foundation, Dr. Greg Alviator-Chairman PGH Medical Foundation, Mr. Soo-in Cho-President, Health & Equipment Business-Samsung Electronics-South Korea, Dr. Blanca De-Guia Fuerte -PGH OB-Gyne Chair, Dr. Lourdes Capito-PGH Deputy Director for Health Operations, Mme. Lolita Mirpuri -Corporate Secretary PGH Medical Foundation, Dr. Dione Suter-Executive Director PGH Medical Foundation, Dr. Ernesto Uichanco -PGH OB-Gyne Department Vice-Chair for Administration

Cognizant of the high prevalence of maternal and fetal mortality rates in the Asean region, Samsung International, through Samsung Electronics Corporation Ltd. Philippines decided to donate more than Php 18 M to the Philippine General Hospital through the PGH Medical Foundation, Inc. to establish the Samsung Sono School at the Department of Obstetrics and Gynecology. The project will provide the ultrasonic diagnostic training equipment that will be used for the training of medical and paramedical workers, as well as the renovation of the Honoria Acosta-Sison Conference Room of the department which will be the venue for these trainings. The opening and blessing of the School was held last June 24, 2014. The affair was attended by officials of Samsung International, Samsung Philippines, Officers of the PGH Medical Foundation, Inc and PGH Officials.

The Unveiling of Samsung Sono School Marker

(L-R) Mr. Soo-in Cho-President Health & Equipment Business-Samsung Electronics- South Korea, Dr. Edward Tordesillas-President PGH Medical Foundation, Dr. Blanca De-Guia Fuerte-PGH OB-Gyne Department Chair, Dr. Lourdes Capito- PGH Deputy Director for Health Operations, Mr. Chung Lyong Lee-President Samsung Philippines

From the President...

As we look back....

YEAR 2014 IS A GOOD YEAR FOR PGHMFI....

The year 2014 was truly productive and eventful for the PGHMFI. The Lord has granted many of our wishes and guided many donors to the foundation to share their blessings to the indigent patients of PGH. We simply are amazed as to how our donors find their way to the doorstep of the PGHMFI at the heritage old Nurses Home. They are walk-in donors, big or small, with their cash and checks for donation to our charity kitty. These are donors within Metro Manila and a good number come from other provinces too. They are individual and corporate donors who have a heart for the poor patients of PGH.

We are impressed on how social media contributed to the PGHMFI image awareness. The PGHMFI website and Facebook sites contributed greatly to the dissemination and communication process of our activities and updates. The social media has enticed many donors from the USA, Europe and Asian neighbour countries. Exchange of ideas, response to inquiries from prospective donors came in fast and easy due to the wonders of wi-fi and internet.

To name a few of the successful ventures of PGHMFI are the **Art Auction** held last April 2014 at the Manila Polo Club and the **Concert for a Cause** at the Hard Rock Cafe last November 2014 which contributed to the Charity Patients Fund. This fund sustains the daily needs of the charity patients. Big donors also came-in as the multi-million Samsung Sono School for the OB-Gyne Department. Miss World Philippines, in collaboration with Sta. Elena Construction & Development Corporation donated the construction of the Pediatric Hematology-Oncology Ward. A number of equipment donations were provided by anonymous donors from the UK and Singapore and the Megaworld Foundation.

I would like to invite our donors, sponsors, patrons and friends to visit and like our Facebook page and website so that they will be updated and inspired to contribute and share more of their blessings to the PGHMFI. Sharing means more blessings. We at the foundation pray that our donors and benefactors will continue to help the PGH charity patients.

As we bid 2014 goodbye, we look forward to more of the Lord's blessings, for a bountiful and successful 2015. Again to our dear benefactors and donors ...thank you so much for all your help. Of course let me thank the Executive Officers, Board of Trustees, Members and our Staff for all their untiring efforts and support for a wonderful year. In behalf of the PGHMFI, allow me to express our sincere appreciation to the UP Manila and PGH Administration for their unwavering support.

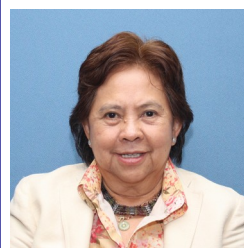

2014 was a good year and we look forward to a better 2015

Cheers... God bless us all!

Edward C. Tordesillas, MD
President

THE WIND BENEATH OUR WINGS

A NEW MEMBER OF THE BOARD OF TRUSTEES

Former Representative Annie Rosa Susano of the 13th & 14th Congress (2004-2007) (2007-2010), joined the government service neither for fame nor fortune but to serve. Her goal in life as she puts it is: "To live, to learn, to love, and to leave a legacy for her country and God".

While in Congress, she was a strong advocate for the welfare of her countrymen when she sponsored and actively participated in the deliberation of bills in support of these. She was one of the proponents in the granting of pension for our World War II veterans. She was Vice-Chair of the Committees on Housing and Urban Development, and of Public Order and Safety; membership in the Committee on Education, and other similar social legislations. Her Vice Chairmanship in the Committee on Ecology made her an active and significant member of the Joint Oversight Forum on the "Clean Air Act." For these accomplishments she was honored and awarded as 1 of 30 Most Outstanding Legislators from 2005-2006. She likewise, shares her strong support to her life's commitment.

To successfully fulfill these great responsibilities, she prepared herself academically by attending a post graduate course in "Leadership and Development: Managing Political and Economic Reforms", at the John F. Kennedy School of Government, Harvard University in Cambridge, Massachusetts, USA. She complimented this training by attending likewise, a program on "Development Legislation at the UP Center for Local and Regional Governance-National College of Public Administration and Governance, and also the Graduate School of Business Professional Manager's Program at the Ateneo de Manila University. As an added feather in her cap she was recently appointed Governor of the Philippine Constitution Association and a Director of the Philippine National Red Cross.

Congresswoman Annie's involvement with the PGH Medical Foundation, Inc. as a member of its Board of Trustees did not come as a surprise as she has consistently expressed and showed her strong love for her fellowmen through her generosity and humility especially for the marginalized – the values she has acquired from her mother whom she has continued to emulate.
